

POINSETTIA

An easy Poinsettia pattern to cut from fabric or felt and assemble by sewing or using craft glue. Wonderful for adults or children to decorate gifts and other items.

Cut each pattern piece. Make leaves light green with dark green veins. Flowers are red; large center piece light green, smaller center piece red, fringe centre green.

Arrange in layers and sew through all; leaves, flower, center pieces. Cut a small round circle of felt and place on the back of poinsettia. Cut green fringe and place in a circle on top. Sew all together. To add veins to leaves, add a sliver of fabric or felt to centre.
